## AWARD HALF MILLION IN CONTRACTS FOR MICHOUD OPERATIONS

NEW ORLEANS, La. — Two contracts totaling more than \$580,000 were awarded this week for construction of additional facilities at the National Aeronautics and Space Administration's Michoud Operations in New Orleans and Slidell, La.

Both contracts were awarded by Michoud's parent organization, the NASA Marshall Space Flight Center at Huntsville, Ala.

Quinn Construction Company of New Orleans will construct and equip a cafeteria at Michoud's Computer Operations Office in nearby Slidell. The \$163,000 seven-month contract calls for Quinn to build a 2,400-square-foot masonry and glass extension on to the existing east wing of the main Computer Office building. The single-story structure, to seat 80 people, will accommodate all Computer Office personnel during lunch hours.

Mathes, Bergman, Favrot and Associates, New Orleans, designed the new addition, and will perform field supervision services during construction of the facility.

An extension to Michoud's Saturn Marine Dock in New Orleans will be built by the Farrell Construction Company, Inc., Memphis, Tenn. Under a \$417,959 contract, Farrell will construct a 110-foot-long, 50-foot-wide cement dock on cement piling; a connecting asphalt approach road; a 2,400-square-foot prefabricated metal storage building; dock lighting and additional utility systems. The new dock, to be completed in April, 1966, will double the capacity of Michoud's present dock facilities.

The architect engineer for the dock extension is Walk-Haydel and Associates of New Orleans.

Michoud, now employing more than 11,800 Government and contractor personnel, is the production site for the first stages of the giant Saturn IB and Saturn V space vehicles to be employed in the Apollo manned lunar landing program.

## AF RECRUITING OFFICE MOVED TO GULFPORT

The United States Air Force Recruiting Office moved from its present location in Biloxi, Miss., to Room 102, Gulf South Building, Gulfport, Miss., on June 30, 1965.

The new Air Force Recruiting Office was officially dedicated by Mayor C. B. (Billy) Meadows of Gulfport at 9 a.m. on Thursday, July 1, 1965. Movement of the Air Force Recruiting Office from Biloxi to Gulfport will provide the local Air Force Recruiters with an office that is located in the middle of their five county recruiting zone. It will also provide them an opportunity to better serve the young women and men, in this area, who are interested in joining the USAF.

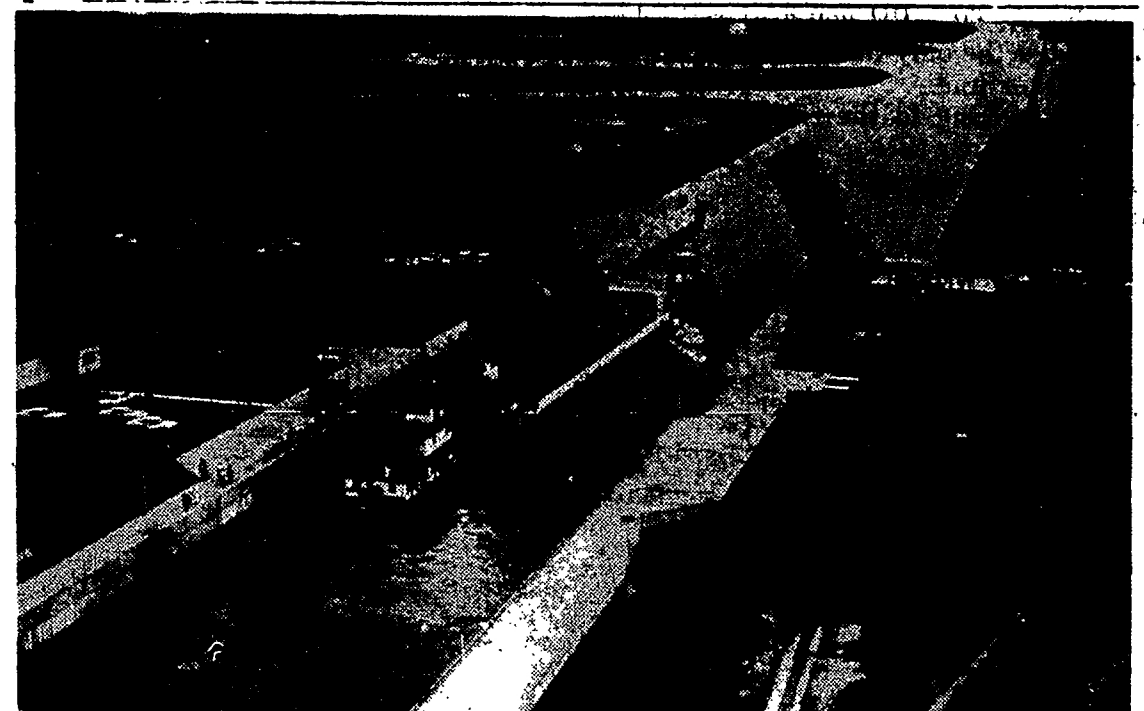

Master Sergeant Richard E. McKean and Technical Sergeant Billy Keys, of the local Air Force Recruiters, cordially invite the public to visit their new office in Gulfport.

# Man Loses Life In Attempting Rescue

This aerial photo shows the National Aeronautics and Space Administration's Mississippi Test Facility opening its man-made waterway system to receive its first "Space Age" cargo — an S-II Saturn V second stage Simulator — built in California. Here, the S-II Simulator is shown aboard the river barge "Pearl River" leaving the MTF lock. The stage and "Pearl River" were lifted some 13 feet in the lock and transported to MTF's Booster Storage Building. The S-II Simulator will be used to check out test stands and other facilities at MTF. (NASA-MTF Photo)

Alfred J. Songy, 57, New Orleans, drowned about 10 a.m. Wednesday while attempting to rescue Bill Sumrall 10-year-old son of Mr. and Mrs. T. H. Sumrall, 201 Carroll Avenue.

Police Chief Garriga said the accident occurred about 300 yards off the Bay St. Louis Municipal pier after Mrs. Nell Salter, 540 St. John Street, jumped off the pier to assist the boy who was bobbing up and down in the deep water.

Songy, who jumped off the pier to help the woman who was having difficulty returning to the pier with Sumrall, was heard to say he could not swim.

Two other persons identified by Garriga as Robert Richard of New Orleans and Mrs. Robert L. Williams, picked up inner tubes and jumped into the water to help the woman, child and Songy.

They handed one of the inner tubes to Mrs. Salter who said she could reach the pier without further help. She collapsed after getting the youth to safety and was rushed to Hancock General Hospital by Riemann ambulance for emergency treatment and was released.

Songy, who was floating face down when reached by Richard and Mrs. Williams, was held aloft until Glean Junginger and John Benigno Jr., who were fishing nearby brought them in to shore.

Chief Garriga quoted Sumrall as saying he slipped off the ladder and was taken out by the current. An inquest jury, empaneled by Hancock County Court Clerk, J. J. Lefontaine, returned a verdict of death by "accidental drowning."

Members of the jury were Harold Ryals, Sheriff Sylvan Ladner, Glean Junginger, Alvin Favre, Everett Exnicious, W. J. Lefontaine and Latham Garriga, bailiff. The body was taken to New Orleans.

## Sheriff's Reports

Sheriff Sylvan Ladner reported two rear-end collisions on O.S.T. Highway 90 west of Bay St. Louis Friday night resulted in injuries to 11 persons.

The sheriff said the first accident occurred about 11:10 p.m. approximately four miles west of the city when a car driven by William Isbell, 22, of Long Beach, traveling west on the highway slowed down for traffic. A small foreign car operated by James Ryan, 23, New Orleans, struck the Isbell vehicle in the rear, Sheriff Ladner stated.

Ryan was taken to Hancock General Hospital where he was treated for a nose injury and released.

The sheriff said while Deputies Eldo Depree, Fred Curet and Chester Favre were investigating the wreck, three cars on the opposite side of the highway were involved in a "daisy chain" collision.

A car driven by Mrs. Myrtle Bennett, Metairie had slowed down to look at the other accident and was struck in the rear by a station wagon operated by Dr. Julius Bosch Jr., New Orleans, which was hit from behind by a station wagon driven by Oscar Lucas Sr. of Glenn Ellen, Ill., the sheriff added.

Injured in the Bennett car were Mrs. Bennett, who sustained an arm laceration, and Paula Bennett, 5, head injury.

Injured in the Bosch car were Dr. Bosch, a leg laceration; Julius Bosch Sr., a head injury; and Rebyn Bosch, 6 weeks, a head injury.

Those injured in the Lucas station wagon were the driver, a head injury; Mrs. Lucas, leg injury; Patton Lucas, 17, head injury; Elizabeth Lucas, 15, head injury.

The injured were taken to Hancock General Hospital by Riemann's ambulance.

## MARION KENT GUEST SPEAKER AT MEETING

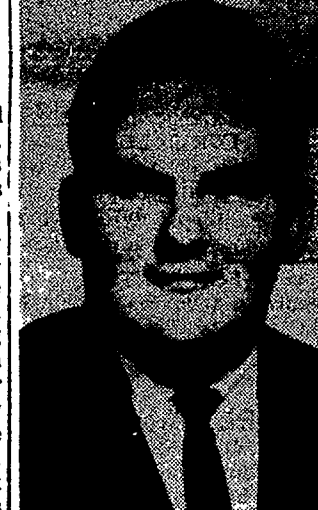

Marion Kent, NASA's Marshall Space Flight Center, was guest speaker at Tuesday night's meeting of the Hancock County Council on Human Relations.

Mr. Kent discussed equal job opportunities at Mississippi Test Facility and presented slides showing construction of the installation.

Warren Carver, acting council secretary said the constitution was adopted at a meeting at Our Lady of the Gulf Parish Hall. He announced the next meeting, to which the public is invited, will be at 8 p.m., July 13, at St. Rose School cafeteria.

Wilson Webre, secretary of the board of directors of the Hancock County Civic Action Association, discussed the aims and purposes of the group and cited it is not competitive with the council of human relations, but its purpose is to administer the President's anti-poverty program locally.

## BOB HUBBARD HEADS FOURTH DEGREE K. OF C'S

ROBERT HUBBARD

The following officers were elected at the Fourth Degree Knights of Columbus meeting June 24.

Bob Hubbard, faithful navigator; George Heitzmann, faithful pilot; Carl Arnold, faithful captain; Henry Lang, faithful admiral; Tony Moreale, faithful intendant; Sylvester Benigno, faithful outer-sentinel; Victor Farnickiewicz, faithful controller and Msgr. James J. Hannon, faithful friar.

The new officers will be installed at the July meeting to be held in Gulfport.

## SAFETY FILM ON NATIONWIDE TV SATURDAY NIGHT

"Before it's too late," the Bell System film encouraging the use of automobile seat belts and featuring Dick Van Dyke, will be presented over the NBC television network this Saturday evening, July 3. The film will be shown immediately after the Saturday Night at the Movies run of "Atlantis, Lost Continent." In the Eastern daylight time zone, it will appear about 10:45 p.m.

This will be the first time for a Bell System film, other than such sponsored ones as those in the Science Series, to be telecast over a nationwide TV network. It will reach a large audience, because Saturday Night at the Movies is picked up by all of the 190 stations in the NBC network.

"Before it's too late" was released to the Bell Companies last week summer sessions, July 4-17. The school is a major training ground for men and women who serve in the fields of public relations, advertising and business development in financial institutions throughout North America. Its graduates represent every type and size of financial organization.

## SUMMER SCHOOL REGISTRATION

Registration for summer school at Bay High will be Friday, July 2, from 9 a.m. to 4 p.m. Classes will begin Tuesday, July 3.

## COMPLETE STUDY OF BIDS FOR CITY SEWERAGE

Consulting engineers for the city of Bay St. Louis have completed study of over 50 bids received on the \$3,155,000 sewerage and water works project for Bay St. Louis and their report was taken to Atlanta, Ga. for approval of the Housing and Home Finance Administration and the U. S. Health Public Health Service.

Mayor John A. Scaife and representatives of the engineering firms of Owen and White, Inc., of Baton Rouge, La., and William Johnson of Jackson were in Atlanta Wednesday to present to HFA for its approval a resolution adopted Tuesday by the city council making awards of contracts to successful bidders.

Mayor Scaife, who returned Wednesday night, could not be contacted as press time for further information.

## Legion To Celebrate Fourth

A gala 4th of July celebration and fair will be held at the Clement R. Bontemps Legion home and beach.

All proceeds will go to the annual Christmas tree party for the children of Hancock County.

The affair will start Friday night with a fish fry supper and the fair with all the games, booths, food, etc., will open at 5 p.m. Saturday, July 3, and climax Sunday night with a fireworks display.

Many new games and booths have been added this year and the children can look forward to horseback rides, hot dogs and cotton candy.

There will be air-conditioned indoor entertainment for adults who do not care for the sand beach.

Legionnaires and Auxiliary members who have time to spare want to work at the fair and to contact them, call the legion chairman, Mr. Bontemps.

## HANCOCK BANK EMPLOYEE TO NORTHWESTERN-U

Thomas F. Bourdin, manager of the advertising department at Hancock Bank will attend the School of Financial Public Relations, Northwestern University, Chicago, Illinois for the first of two week summer sessions, July 4-17.

The school is a major training ground for men and women who serve in the fields of public relations, advertising and business development in financial institutions throughout North America. Its graduates represent every type and size of financial organization.

## ACCEPTS POSITION

Mrs. Charles Flick, who has accepted a position as sales representative for L. E. Crowe China and Glass Company, will leave Tuesday for Atlanta, Ga. where she will spend two weeks preparing to go to South America to plate plans for her work. She will be in the city for the week of July 4-10.

## SAFE-DRIVING HINTS — FOR JULY 4th AND AT ALL TIMES

"The total economic loss of the July 4 weekend traffic accidents, to say nothing of the grief and suffer in involved, will be the greatest in history, totalling more than 100 million," so says one insurance executive.

Here in Mississippi the 4th of July weekend motor vehicle accident picture should look something like this: At least 186 accidents; 83 persons hospitalized; 8 dead; \$73,870 in property damage; \$1,200,000 economic loss. This grim prediction need not happen if drivers would do what they know should be done.

1. Drive within the speed limits. At 60 MPH you are traveling 90 feet per second and the only thing between you and death is the center line.
2. Do not change lanes without looking to the front and rear first.
3. When following another car, allow one car length for every 10 miles per hour.
4. Do not rush. Leave early. Enjoy yourself.
5. Take a 10 minute break for every two hours of driving.
6. Try to out dim the other fellow; that is, dim your lights before he does.
7. Help the other fellow. Be a good neighbor. In other words, follow the golden rule.
8. Keep your mind on driving every second the car is moving. Remember, the other fellow is looking for you to do the right thing at the right time.
9. Yield the right-of-way. Don't take it.
10. Drive as if your life depended on your skill behind the wheel. IT DOES!

## One Nation Indivisible

"...That this Nation, under God..."  
Words that bind a Nation's wounds  
—healing hearts  
that have affliction known.  
We pause, this day, to remember  
and to forget:  
Yet, not to forget the battles lost  
or victories won, or soldiers'  
silent sleep.  
Who, by their death, gave life;  
life that throbs and pulsates in  
this Nation's womb.  
We pause to remember  
our gifts from God  
from whom our blessings  
in abundance flow.  
We find our God, at home  
in church, in hearts that this day  
sing out in joy.  
We thank Thee, Dearest Lord.  
Now, bless us, and this Thy land  
and all therein... our own,  
our native land!

# NASA News..

HUNTSVILLE, ALA. — F. L. (Frank) Williams, 36-year-old former assistant to Dr. Werner von Braun, will be appointed director of the Advanced Systems Office in the NASA-Marshall Space Flight Center's Research and Development Operations.

The new office incorporates the mission of the former Future Projects Office and has been expanded to include the entire Center's responsibility for future planning and advanced systems work.

The move is to become effective July 1. James T. Shepherd, who has been serving as Dr. von Braun's assistant director for facilities engineering, will replace Williams. Shepherd has been responsible for millions of dollars in rocket test facility construction throughout the United States during the last few years.

The former Future Projects Office was directed by Dr. Heinz H. Koelle, who resigned his position here to become professor of space technology at the Technical University of Berlin. He had been in

charge of the office since 1959. Williams, a native of Fairport, Ala., spent a year in the U.S. Army before joining the Marshall Space Flight Center in 1959. He was graduated from Auburn University in 1957 with a bachelor's degree in mechanical engineering and received a master's degree in 1959 from the Georgia Institute of Technology. He joined the von Braun team in 1959 after serving in the U.S. Army.

Shepherd, a native of Detroit, Mich., was graduated from the Georgia Institute of Technology with a degree in electrical engineering in 1957. He joined the von Braun team in 1959.

Douglas is being asked to furnish the additional S-IVB stages to be used as the third stage of the Saturn V vehicle, being developed at the Marshall Space Flight Center here.

The work will also include related spares and launch support services. Work related to furnishing the additional stages and related services will be performed at Santa Monica, Huntington Beach, and Sacramento, Calif., Tulsa, Okla., Huntsville, Ala., and Cape Kennedy, Fla.

Total value of the S-IVB contract now totals some \$312 million. This new work is expected to exceed \$150 million.

Douglas is presently under contract with NASA to furnish eighteen S-IVB flight stages. Twelve of these will be the second stage of the Saturn-IB vehicle and six will fly as the third stage of the first six Saturn V vehicles to be launched.

The S-IVB stage is a liquid oxygen-liquid hydrogen powered stage. It is 21-1/2 feet in diameter and about 58 feet long. The stage has one J-2 engine which produces 200,000 pounds thrust.

## STENNIS SAYS WE ARE COMMITTED IN VIET NAM

(By Senator John Stennis)

The situation in Vietnam has grown steadily worse. The Communist forces in that country have become stronger militarily and are carrying on an aggressive guerrilla war. We have literally poured over \$2 billion of economic and military aid in eleven years, not including the cost of our own military operations there. We have sent our best military talent there to train their Air Force and ground armies. Our men are actually engaged in the warfare and we now have about 75,000 servicemen on the mainland of Asia, with several more thousand backing them up. We are committed and we are at war.

Nevertheless, we must stand firm and united; we must let it be known over and over again that we will not turn and run. To turn and run would only invite the most terrible kind of trouble for decades ahead. We must make it known that we will not leave Vietnam on terms that are less than honorable.

As I see it, we will be driven to the position where we will have to temporarily take over a large area of that country for conducting of the war, stamp out the Communist Viet Cong, and then seek to set up and establish a stable government and turn it over to a trusteeship that can and will protect it until it can stand on its own. Certainly we seek no territorial gains nor do we want to keep any part of any country.

I am convinced after a careful and exhaustive study of the combat readiness of our military forces at home and overseas, that the drain on equipment for the Vietnam operations has had a serious effect on the combat readiness of the troops from which equipment has been taken for use in Vietnam. Without corrective action it could become critical in the months to come even if our activities should continue at the same level.

Problems with respect to equipment and material — including aircraft, ships and certain weapons — already exist and are growing. Maintenance, supplies and spare parts also present problems. They will become more serious in the future.

A peacetime budget is being used to support combat operations which were not factors in the original budget plans. Unless additional procurement of equipment is made in the near future critical problems could arise in combat essential firepower, mobility and communications equipment. Fortunately, we have the time, the resources, and the know-how to prevent this.

Therefore, I have urged the Secretary of Defense to make an immediate study of the entire situation and to come to the Congress with all the facts and with such revisions in the Defense budget as

## INFORMATION ABOUT FEDERAL EXCISE TAX LAW CHANGES

Mr. J. G. Martin Jr., District Director of Internal Revenue, Jackson, Mississippi, has prepared the questions and answers below to furnish answers to some of the more common questions being asked concerning the changes in the Federal Excise Tax Law recently passed.

Question: What will I have to do to recover the tax I have already paid for the period beginning July 1, 1965, on Amusement Devices, Bowling Alleys and Pool Tables?

Answer: No action is required on your part. Your money will be refunded automatically; however, it will probably be from 3 to 5 weeks before you receive your refund.

Question: Does the repeal of the excise tax include tax on bill-folds?

Answer: Yes.

Question: Has the excise tax on appliances such as stoves, refrigerators, air conditioners, etc., been repealed?

Answer: Yes.

Question: Has the tax on automobile tire been repealed?

Answer: No.

Question: When do we stop collecting the excise tax on toiletries and on other items on which the tax has been repealed?

Answer: Repeal of this tax was effective as of midnight June 21, 1965. Therefore, no tax should be collected after this date.

Question: Has the tax on guns been repealed?

Answer: No.

are necessary to take up the slack caused by the heavy unplanned and unprogrammed expenditures.

**FINEST IN SOUTH**—One of the most modern and efficient pharmacy facilities in the entire nation is slated for construction this fall at the University of Mississippi. The new Ole Miss Pharmacy Building (left), a \$1,300,000 structure, will connect with Hume Hall (right) and the new \$15,000,000 Mississippi Science Center. The second phase behind the building will contain 65,000 square feet of floor space which will include classrooms; several special laboratories such as a radioisotope laboratory, an ultrasonics and aerosol research laboratory, a laboratory for drug stability research, a plant research laboratory, an animal research laboratory, and a drug herbarium; facilities for the Bureau of Pharmaceutical Services, the Poison Control Center, the Research Institute of Pharmaceutical Sciences, the Pharmacy Library, and the Model Pharmacy; plus several special student facilities. The Ole Miss School of Pharmacy is now the largest school of pharmacy in the entire South and Southwest.

## Jacobs-Johnson Wedding

St Thomas Catholic Church, Long Beach, Miss., was the setting for the wedding of Miss Margaret Mary Johnson, daughter of Mr. and Mrs. Ennis O. Johnson, 153 Richards Avenue, Long Beach, formerly of Bay St Louis, and Luther Allen Jacobs, Los Angeles, Calif., son of Mrs. Verona Fry of Akron, Ohio at 3 p.m. June 26.

The Rev. Robert Cochran, C. M., pastor, performed the double ring ceremony.

Arrangements of white majestic daisies, stock, gladiolus and poms decorated the altar with tall baskets of white blossoms and palms on either side.

Mrs. Margaret Wheat, organist, played a program of nuptial selections preceding and during the ceremony and Miss Patricia Henderson sang Ave Maria, The Lord's prayer and Mother at Your feet is kneeling.

Given in marriage by her father, the bride wore a gown of silk organza and Chantilly lace embroidered in seed pearls and sequins.

The bodice in princess lines to the waist swept into a full train, and the sleeves ended in calla points over the hands.

Her elbow length veil of illusion fell from a crown of seed pearls and sequins and her only jewelry was a single strand of pearls, a gift of the groom. She carried a triangular bouquet of feathered white carnations centered with a white orchid. Following the ceremony a part of her bouquet was placed on the altar of the Blessed Virgin.

Mrs. Charlotte J. West, Long Beach, was her sister's matron of honor and bridesmaids were Mrs. Rona N. Veney, Los Angeles, Calif., cousin of the bride; Mrs. Carol J. Chafin, Columbus, Ohio, sister of the groom, and the bride's sister-in-law Mrs. Ann H. Johnson, Long Beach.

Peggy Ann West served as flower girl and Byron Jacobs, New Orleans was ring bearer.

Kenneth Vaney, Los Angeles, was best man and groomsmen were L. Ross McDowell, Omaha, Neb., Ennis L. Johnson, brother of the bride, Long Beach, and Herbert H. Carver, a cousin of New Orleans.

Eugene Breazeale, Bay St. Louis, and Harold Allen, Long Beach, served as ushers.

A reception followed the ceremony at the home of the bride's parents.

Arrangements of flowers were used throughout the house and a fan shape arrangement of gladioli, poms, stock and greenery banked the mantel.

The bride's table, covered with a cut work cloth was centered with the four-tiered wedding cake. The top tier held by columns was trimmed with love birds and the traditional bride and groom encircled with greenery and carnations of India.

The cake was served by Mrs. D. A. Doorman and Mrs. H. T. Thornton. Mrs. Richard Norwell, aunt of the bride, New Orleans, kept the bride's register and Mrs. Rita Holmes, Long Beach, presided at the punch table.

The bride's cousins, Janis, Patricia, Donnell and Penny Jacobs and Denise Carver, all of New Orleans served as tea girls.

For traveling the bride wore a two piece blue and white whipped cream dress with blue linen sleeveless coat, white accessories and the orchid from her wedding bouquet.

On their return from a wedding trip to New Orleans Mr. and Mrs. Jacobs will be at home at 4722 August St., Los Angeles, Calif.

Mrs. Jacobs, a graduate of St. John High School and College of Cosmetology, is a member of St. John Alumni and Beta Sigma Phi Chapter, Gulfport.

The groom graduated from Wadsworth High School, Wadsworth, Ohio, attended the University of Akron, Akron, Ohio, and Kent State University, Kent, Ohio. He has been with the Los Angeles, Calif., police department for the past two years.

The bride is a granddaughter of Mr. and Mrs. Henry Carver of Bay St. Louis.

## CELEBRATE FIFTIETH WEDDING ANNIVERSARY AT KILN

Mr. and Mrs. Theophile Hoda, the former Alphonsine Hoda, of Kiln, Community celebrated their 50th wedding anniversary Sunday.

They renewed their marriage vows following the 10:30 a.m. Mass at Rocky Hill Catholic Church with the Rev. Father Abram, officiating.

Mr. and Mrs. Hoda had as their attendants Sunday Mr. and Mrs. Lott Cuevas who were their attendants when they were married June 27, 1915.

Arrangements of golden flowers decorated the home for the afternoon reception.

The refreshment table, covered with a lace cloth, held a three-tiered wedding cake topped with the numerals 50, flanked by candles holding gold tapers. The couple was assisted in receiving by their daughters.

Mrs. Hoda chose for the occasion a light blue silk dress, matching accessories and a corsage of carnations trimmed with gold ribbon.

Mr. and Mrs. Hoda have eight daughters, Mrs. Hazel Favre, Orlando, Florida; Mrs. Woodrow Foster and Mrs. Joseph Flynn, Biloxi, Mrs. George Peoples, Jackson, Mrs. Nolan Kingston and Mrs. Eric Necaise, Bay St. Louis, Mrs. Paul Martin, Tampa, Florida; and Miss Bonnie Hoda, Kiln; and a son, Ray Hoda, Orlando; 37 grandchildren and five great-grandchildren.
